ABOUT US

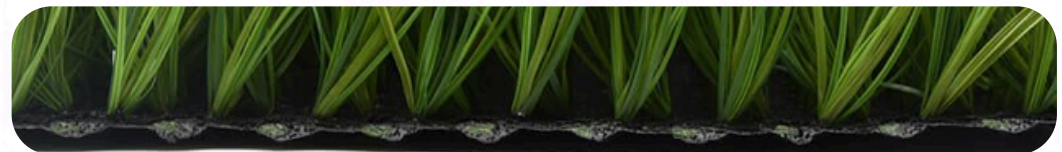

SAVANNA DIVINE GREENS

Savanna Divine Greens provides quality synthetic grass solutions for residential, commercial, recreational, and sports applications. Our products are designed to create green spaces that are practical, durable, and visually natural.

QUALITY MATERIAL

Our synthetic grass is made from quality PE (polietilen) and PP (polipropilen) materials, designed for various indoor and outdoor applications.

OUR FACTORY

**MODERN
MACHINERY**

**STRICT
QUALITY
CONTROL**

**HIGH
PRODUCTION
CAPACITY**

RAW MATERIAL STORAGE

Organized storage of quality materials for efficient and continuous production.

PRODUCTION PROCESS

Precision machinery transforms raw materials into durable, high-quality synthetic grass.

ADVANCED FACILITY

Advanced equipment and skilled teams support consistent production at scale.

LANDSCAPE GRASS

SWISS

	SWISS SILVER	SWISS GOLD	SWISS PLATINUM
 Density	10,500	13,500	16,800
 Grass Height	20 mm / 30 mm / 40 mm	20 mm / 25 mm / 30 mm	20 mm / 30 mm / 40 mm

The main difference between Swiss Silver, Swiss Gold, and Swiss Platinum is their grass density, while each type has different available grass heights.

PRODUCT FEATURES

- ✓ Water Resistant
- ✓ UV Resistant
- ✓ Durable
- ✓ 100% Kid & Pet Friendly
- ✓ Suitable for Indoor & Outdoor

APPLICATIONS

LANDSCAPE GRASS

JEPANG

A natural-looking green-brown color combination designed to create a more organic visual character.

PRODUCT DETAILS

Color:	Green-Brown
Grass Height:	30 mm
Density:	13,500
Material:	Quality PE & PP

SWISS & JEPANG COLOR COMPARISON

(Green-Brown Color)

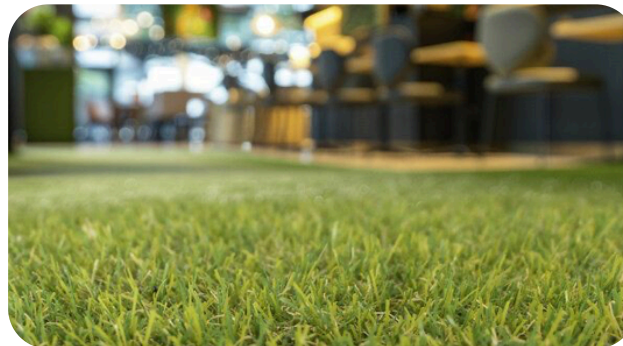

SWISS
(Green-Green Color)

FEATURES

- ✓ Water Resistant
- ✓ UV Resistant
- ✓ Durable
- ✓ 100% Kid & Pet Friendly
- ✓ Suitable for Indoor & Outdoor Area

APPLICATIONS

TAPE GRASS

Designed for decorative applications, SDG Tape Grass brings a natural green appearance to walls, backgrounds, and various indoor and outdoor spaces.

ACTUAL PRODUCT

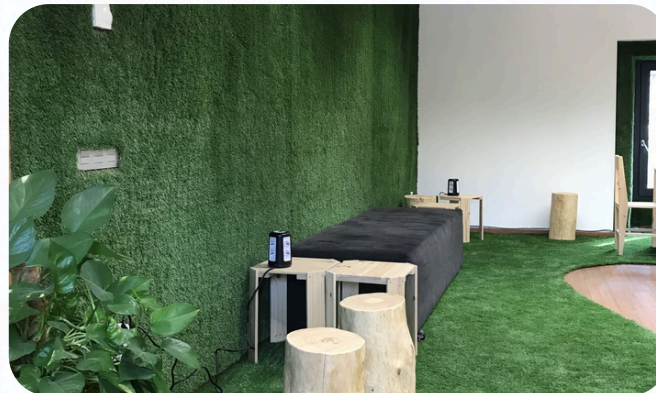

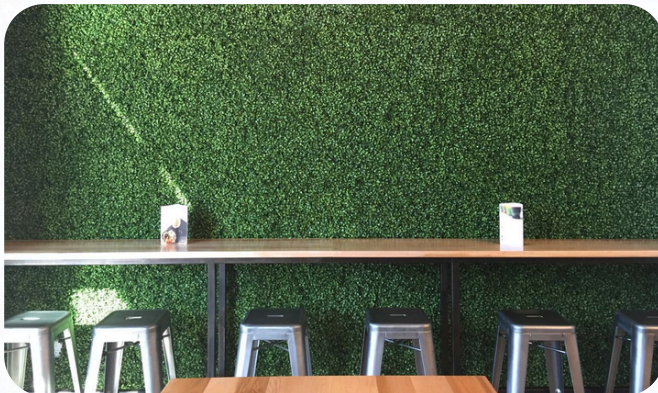

PRODUCT DETAILS

Product Name:	SDG Tape Grass
Pile Height:	10 mm
Backing:	PP + NET + SBR
Color of Backing:	Black
Usage:	Indoor & Outdoor

PRODUCT HIGHLIGHTS

- ✓ Decorative Wall Applications
- ✓ Background & Feature Wall
- ✓ Indoor & Outdoor Usage

APPLICATIONS

GOLF GRASS

Specially designed for golf courses and golf-related applications, Golf Grass provides a consistent green surface designed for dedicated golf environments.

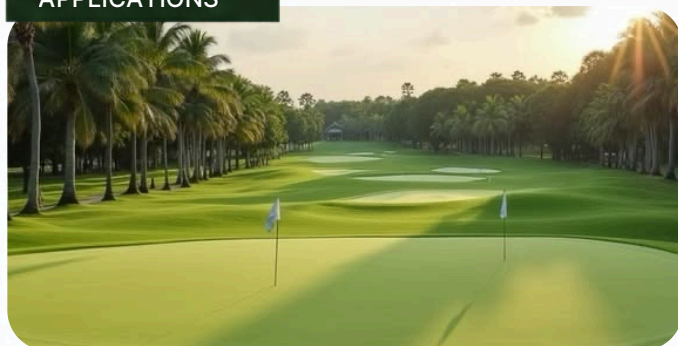

PRODUCT DETAILS

Product Name:	SDG Golf Grass
Pile Height:	15 mm
Gauge:	5/32 inches
Tufting Density / m ² :	80000
Primary Backing:	PP + NET
Secondary Backing:	SBR
Latex Color:	Black

PRODUCT HIGHLIGHTS

- ✓ Designed specifically for golf applications
- ✓ Clean and consistent appearance
- ✓ Suitable for professional golf environments

APPLICATIONS

DESIGNED FOR THE GAME

PADEL GRASS

Synthetic grass designed for padel court applications. available in a range of colors to support different court designs and visual concepts.

COLOR OPTIONS

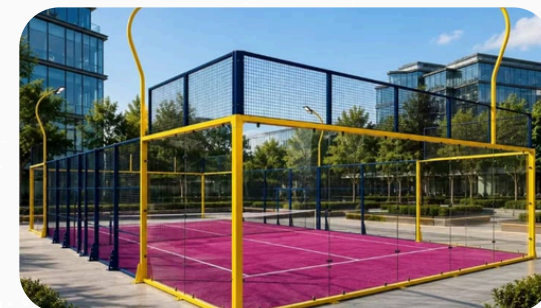

PRODUCT DETAILS

Product Name:	SDG Padel Grass
Pile Height:	12 mm
Gauge:	5/32 inches
Tufting Density / m²:	7.600
Primary Backing:	PP + NET
Secondary Backing:	SBR
Latex Color:	Black

PRODUCT HIGHLIGHTS

- ✓ Available in five color options
- ✓ Designed for padel court applications
- ✓ Quality PE & PP Material

APPLICATIONS

BUILT FOR YOUR GAME

SPORT GRASS

Synthetic grass designed for sports applications, suitable for mini soccer and futsal fields.

ACTUAL PRODUCT

PRODUCT DETAILS

Product Name:	Sport Grass
Pile Yarn:	PE
Pile Height:	50 mm
Gauge:	5/8 inches
Tufting Density / m ² :	8,190
Primary Backing:	PP + NET
Secondary Backing:	SBR
Latex Color:	Black

PRODUCT HIGHLIGHTS

Mini Soccer
Suitable for mini soccer field applications.

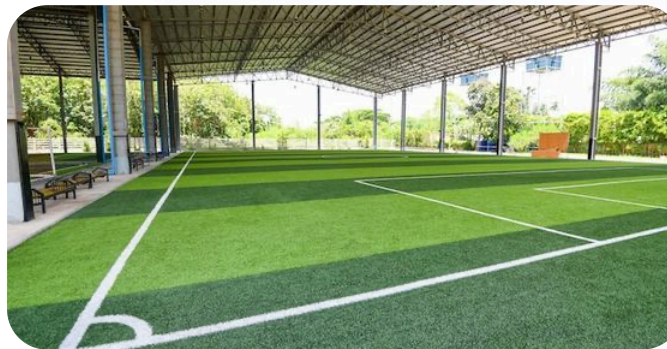

Futsal
Designed for futsal playing areas.

Sports Field Applications
Ideal for various professional sports facilities.

SDG DRAINAGE CELL

Efficient Water Drainage Beneath Synthetic Grass

SDG Drainage Cell is designed to support water drainage beneath synthetic grass, helping water flow through the underlying surface for indoor and outdoor applications.

PRODUCT FUNCTION

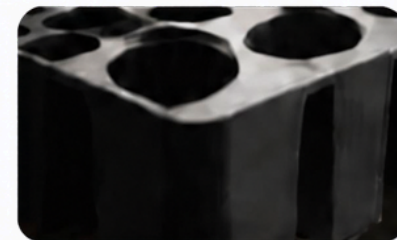

- ✔ Supports water drainage beneath synthetic grass
- ✔ Helps water flow through the underlying surface
- ✔ Suitable for indoor and outdoor applications
- ✔ Modular size: 50 cm x 50 cm
- ✔ Designed for installation beneath synthetic grass

PRODUCT SPECIFICATIONS

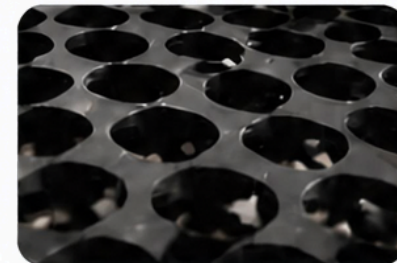

Product Name:	SDG Drainage Cell
Size:	50 cm x 50 cm
Tufting Density / m ² :	8190
Coverage:	1 m ² = 4 pcs
Color of Backing:	Black
Usage:	Indoor & Outdoor
Weight:	4.0 kg/m ²
Lifetime:	5 Year

PRODUCT DETAILS

Strong Structure

Engineered with a strong cellular structure to support effective water drainage.

Optimized Design

Designed with an optimized hole pattern to facilitate water flow through the system.

SMART DRAINAGE. BETTER SURFACES.
